The drones may seem to have an edge over air defence systems, but it is a matter of time that the advantage will be lost. The number of drones shot down over the years says it all. A total of 31 drones were shot down in 2016, this number went up to 123 in 2019 and in the first five months of 2020, 67 drones were reportedly shot down. The improved performance against drones was a result of ...

Hi, everyone The Prince's Gambit is a direct sequel to The Prince's War, which follows the adventures of Prince Roland as he trains to become a Marine, then finds himself assigned to New Doncaster on a training mission that rapidly turned into a full-fledged war. I've included a short summary in the plot, but you probably do have to read the first novel (see link below) to follow the story.
