Details

I once had a customer who produced about 5 specialty parts for GM every year. Their APQP process (and thus their PPAP) was quite different than that of a customer which supplied over 1M struts a year to Ford. Each APQP is different and since PPAP is simply submission of data from the APQP process, etc., each PPAP is also different.

Is PPAP the same process as a ISIR (Initial Sample ...

WHO WE ARE. The Automotive Industry Action Group (AIAG) is a unique not-for-profit organization where OEMs, suppliers, service providers, government entities, and individuals in academia have worked collaboratively for more than 39 years to drive down costs and complexity from the automotive supply chain.
