Styles of Portraits A Guide to Black and White Portrait Photography. Shooting in black and white can give your portraits a classic, timeless look. When you remove colour, details of texture, shape, and positioning stand out even more. It also helps to place an emphasis on the person.

### **The Ultimate Guide to Portrait Photography (192 Best Tips!)**

Portrait photographers are obsessed with lighting, subjects, clothing, and hair, yet cropping often goes ignored. And that's a mistake. With the right portrait crop, you can elevate an image from mediocre to beautiful, and it only takes a handful of seconds. Of course, there is an art to cropping (you can't just hack away with a crop tool and expect great results!), but that's where this ...

By Brandi Bowman in Art Tutorials > Painting Tutorials I used to be intimidated by portrait painting. I could never get the colors right and I always felt like I ended up drawing with my paint rather than painting. I decided to tackle portrait painting head on, and after a lot of practice, I now feel very comfortable painting portraits. Here are the steps I've developed to paint a ...

Curtis is the debut album by American soul musician Curtis Mayfield, released in September 1970. Produced by Mayfield, it was released on his own label Curtom Records. The musical styles of Curtis moved further away from the pop-soul sounds of Mayfield's previous group The Impressions and featured more of a funk and psychedelic-influenced sound. The album's subject matter incorporates political ...
