It's not bad. I built my first one two weeks ago with a Hayne's manual and Aaron Cake's rotary rebuild video on youtube. I don't think you could do it with just the Hayne's manual because it left out a couple key details and steps. With all my parts cleaned and prepped it only took me 3 hours to assemble, and next time I could do it much faster.

The guy whose selling says "Transmission needs work." I'll assume the worst. So how much would it cost to have a shop rebuild a 5 speed manual transmission (assuming it is a manual; if its not I won't buy it)? He's only asking \$500 and its otherwise in great shape. Also, if there is something bad about an 83 rx-7 let me know.
