William H. Aspinwall, the man who had won the bid for the building and operating the Pacific mail steamships, conceived a plan to construct a railway across the isthmus. He and his partners created a company registered in New York, the Panama Railroad Company, raised \$1,000,000 from the sale of stock, and hired companies to conduct engineering ...

Panama Canal Railway - Wikipedia

The Midland Railway (MR) was a railway company in the United Kingdom from 1844. The Midland was one of the largest railway companies in Britain in the early 20th century, and the largest employer in Derby, where it had its headquarters. It amalgamated with several other railways to create the London, Midland and Scottish Railway at grouping in ...

Completion of the railway was one of the great engineering feats of the day and owed much to the indefatigable supervision of William Van Horne and the determination of Sir John A. Macdonald. While Macdonald's government was criticized for the generous terms offered to the company, it considered the railway crucial to the nation.
