There is no mention to the quality of the experience, just that they sat in front of a computer for 5 years. In working with these folks, many of them had not yet grasp object oriented programming -- yet they were considered Senior Developers. There must be a better more objective way to measure the skill set of a software engineer.

Include ATS Friendly Words in Your Resume. You may have the best resume in the world, but if your resume is not ATS-friendly, it may never be seen by the potential employer. ATS stands for applicant tracking system and is the robo filter that companies use to handle large amounts of resumes — you need to make it past the filter to be seen.
