Posing Models Part 4: Facial Posing Tips for Stunning Portrait

Portrait photography is the art of capturing the inherent character of your subject within a photograph. While that quizzical definition covers the basics, portrait photography goes way beyond just clicking pictures of people. Great portrait photography is a result of combining the right technique with an artist's expression.

Family Photography Posing Tips Create Levels and Connections When Posing. It is easier to line up everyone, tell them to stare at the camera and say cheese. BUT nowadays, you should spend time 'assembling', compose your group with different levels, angles, and poses, connecting them with a hand or an arm.
