Objective. Sequencing refers to the ability to understand and talk about a story as an ordered series of events. This lesson is designed to introduce this skill to primary students using the book The Very Hungry Caterpillar by Eric Carle. In this lesson plan, students discuss events at the beginning, middle, and end of the story, and then sequence the events.

We can learn a lot of lessons about our own growth process from the butterfly life cycle. The process of metamorphosis relates in many ways with our own moments of transformation. For a caterpillar to become a butterfly it must change. Likewise, nothing in our human world is permanent. Some things go and are replaced by new ones.
