PREFACE. So long as there shall exist, by virtue of law and custom, decrees of damnation pronounced by society, artificially creating hells amid the civilization of earth, and adding the element of human fate to divine destiny; so long as the three great problems of the century—the degradation of man through pauperism, the

Perfection and Truth.

The traditional idea that art is a special vehicle for the expression of important truths is the basis for the work of the philosopher who established the framework for German thought for much of the 18 th century, namely, Christian Wolff (1679–1754). Wolff never devoted a whole work to aesthetics, but many of the ideas that
