ZETOR, the traditional Czech brand of farming machinery, has started the 75th year of existence. Despite the fact that works on the first 'prototype Z' started immediately after the end of World War 2, the brand is considered to have originated in 1946, namely in August, when ZETOR brand became an official trademark.

The parts used on these vehicles will be different in a variety of ways. For example, one vehicle may use an engine with eight cylinders while another one has a four-cylinder engine. As a result, it is crucial to stick with the original equipment manual and to avoid using an improper one when operating a piece of equipment.
